## October

### MEETING

**When:** 7 p.m., Oct. 17  
**Where:** Oakstone Academy  
900 Club Dr., Westerville  
**Topic:** Wiener's Cathedral Medals  
**Speaker:** Steve Petty

## October presentation

Steve Petty's presentation on the Wiener series of Cathedral Medals promises to be something really special.

These 19th century 50 mm medals are famous the world over for the engraver's skill in depicting the great depth of the interior of European cathedrals, with their row upon row of arches, in realistic detail on medals.

His collection was on display at the Labor Day Show.

## Columbus Coin Show

**When:** Oct. 21, Nov. 18

**Where:** Makoy Center, 5462 Center, Hilliard

## September presentation

Steve Roach, editor of Coin World and former ANACS grader, conducted a grading seminar at our September meeting. Tony Cass provided the coins.

Graders rarely use loupes when looking at common coins and spend just a few seconds - sometimes just 20 seconds - to determine a coin's grade.

The prime consideration is always eye appeal, he said.

With a coin's obverse being more important. A poor reverse can cause a coin to be downgraded, but an exceptional reverse can rarely help the final grade.

He said 65s are the "gold standard of investment quality coins." 67s and 68s have fewer marks and a "little bit of extra pop."

The difference between a 69 and a 70 on modern proofs is a break in the front.
